## GRAND OPENING OF ENGINEERING COMMONS

### HKUST School of Engineering Announces Inauguration of New Engineering Commons

The School of Engineering (SENG) of the Hong Kong University of Science and Technology inaugurated its state-of-the-art Engineering Commons, a student-centered space to promote total learning experience. [Read More](#)

### Campus News

#### Industrial Forum Provides Insights to Future Technology World

A high-level inaugural Industrial Forum entitled "Empowering Our Engineering Talents for Globalized Technology Industries" was organized by Center for Industry Engagement and Internship (IEI) on 17 April 2013. [Read More](#)

### Teaching & Learning

#### HKUST and Stanford University Hold Joint Global Manufacturing Course for Industry Enhancement

HKUST and Stanford University have jointly organized a Global Manufacturing course, for which exceptional students from Hong Kong and the US come under the tutelage of professors and entrepreneurial veterans in tackling real-life issues in logistics and supply chain management. [Read More](#)

### Center for Industry Engagement and Internship Officially Launched

The School of Engineering officially announced the establishment of its Center for Industry Engagement and Internship (IEI), another key component of the School's total learning experience. IEI acts as a bridge between industry and the School of Engineering to promote internship and industry engagement. [Read More](#)

### Collaboration

#### HKUST and University of Toronto Sign Agreement for Academic Cooperation

HKUST and the University of Toronto (U of T) have reached an agreement for academic and research cooperation, working towards a joint venture in PhD education which allows students to conduct academic exchange at both universities. [Read More](#)

### Student Achievements

#### Students Recognized for Exemplary Service to Community

Two engineering students, Hong Yee Kow and Samantha Wing Man Kong, were recently honored with two different HKUST Community Service Awards for their outstanding and proven effort in helping others and in different context in the community, locally or abroad. [Read More](#)

### Research Excellence

#### HKUST Professor Vincent Kin-nang Lau Named Croucher Senior Research Fellow

Prof Vincent Kin-nang Lau, Professor of Department of Electronic and Computer Engineering at HKUST was conferred the prestigious Croucher Senior Research Fellowship by the Croucher Foundation for his excellent scientific research achievements. [Read More](#)

#### DHL and HKUST unveil DHL Power Bike: staff exercises to power operations in new sustainable business milestone

DHL Express, the world's leading international express services provider, and HKUST, Asia's No. 1 university, jointly unveiled in Hong Kong the innovative DHL Power Bike, the first electricity-generating exercise bicycles for logistics operations use in Hong Kong. [Read More](#)

#### Engineering Students Received Four Accolades in HKICT Awards 2013

The innovations of five engineering students were recognized with four awards in the Hong Kong ICT Awards 2013 recently. The students formed into two teams and each team received two awards. [Read More](#)

### HKUST School of Engineering Research Excellence Awards Recognize Distinguished Engineering Achievements

### Upcoming Event
