Five HKUST Research Projects Received Funding from First Batch of RAISE+ Scheme

Five HKUST projects were among the first batch of 24 projects awarded funding under the "Research, Academic and Industry Sectors One-plus (RAISE+) Scheme" by the Innovation and Technology Commission of the Government. The new funding will help speed up commercialization of research discoveries that benefit the society, creating a win-win outcome among industry, academic, and research sectors.

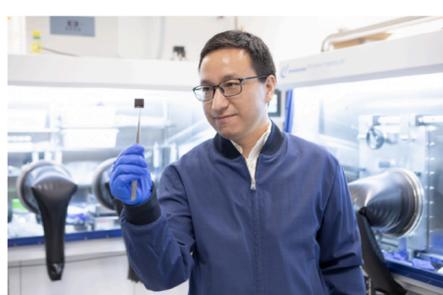

Research

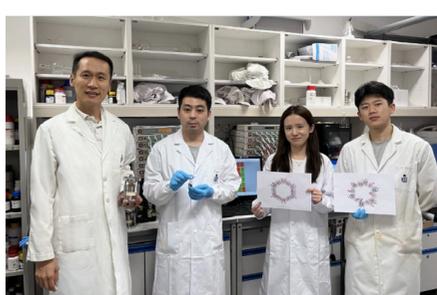

HKUST Topped in Areas of Excellence and Theme-Based Research Schemes 2024/25 with Highest Funding among Local Universities

HKUST Engineering Joint Laboratories with Chinese Academy of Sciences

HKUST Engineering Researchers Discovered a "Secret" Hidden Structure that Paves New Way of Making More Efficient and Stable Perovskite Solar Cells

HKUST Engineering Researchers Developed Advanced Solid-State Electrolytes for High-Performance All-Solid-State Lithium Metal Batteries

Faculty Achievement

Prof. ZHANG Xiangru Named First Joint Winner in 2022 Environmental Science and Technology Best Paper Awards

Prof. SHI Ling Received Chen Han-Fu Award 2024

Prof. WANG Yiwen Delivered Keynote Speech at IEEE EMC 2024

Five Engineering Professors Ranked Top 20 in China by Research.com

Student Achievement

Two Engineering Undergraduates Received Innovation and Technology Scholarship 2024

HKUST Aero Team Triumphed in British Model Flying Association Payload Challenges 2024

Civil Engineering Student Named Runner-Up of Best Oral Presentation at 10th International Symposium on Environmental Hydraulics

Two Undergraduate Teams Won Gold and Bronze Awards of ASMP Technology Award 2024

Mechanical Engineering Team Crowned Champion in 12th IMechE Greater China Design Competition
