

Cover Story

Establishment of HKUST Top Engineering Scholars Award by Esteemed Alumni Jensen HUANG and Terry TSANG

In early September, HKUST unveiled a display case featuring a signed leather jacket gifted by its esteemed alumnus Dr. Jensen HUANG, the Founder and CEO of NVIDIA. The event also marked the formal establishment of the HKUST Top Engineering Scholars Award, made possible by generous donation from Dr. Huang and Mr. Terry TSANG Kin-Chung, an HKUST Council Member and fellow engineering alumnus.
